PROFESSIONAL SUMMARY

A dedicated educator and activist with over 20 years of teaching experience, holding a master's degree in education technologies. As a teacher, tutor, and mentor, committed to fostering interactive learning environments and integrating cutting-edge teaching methodologies. Extensive experience allows effective work with students of varied abilities and backgrounds, tailoring the approach to meet their unique needs. Proficient in data analysis techniques focusing on education-related data, used to enhance learner experiences and outcomes. An empathetic nature and role-modeling skills inspire students, while an approachable demeanor makes a trusted figure among students and colleagues alike. As a team player, collaborates seamlessly with fellow educators to create a supportive and dynamic educational environment. The ability to impact students, schools, and the community extends beyond the classroom through various extracurricular activities, fostering a well-rounded educational experience. Resourceful and innovative, excels in planning and presenting lessons that are both engaging and effective. Outside of professional life, passionate about metaphysics and meditation, which help maintain a balanced and reflective approach to teaching. Also enjoys various

WORK HISTORY

Computer Science Teacher and Boarding House Tutor 01/2025 - Present
Farlington School - Horsham

Teaching Scope (Years 5–13)

Deliver engaging Computer Science lessons across Key Stages 2–5, ensuring a smooth academic transition from foundational digital literacy to advance A-Level computing concepts. Integrate AI-powered learning tools such as **EduaAid, NotebookLM, and ChatGPT** to enhance differentiation, independent learning, and progress tracking.

Adaptation and Differentiation

- Design and deliver tailored lessons accessible to younger learners while challenging older GCSE and A-Level students.
- Apply differentiated instruction and scaffolding strategies to address varied learning needs, including targeted support for SEN and EAL students.

Curriculum Delivery

- Teach a comprehensive Computer Science curriculum covering key topics such as **algorithms, data structures, networking, and programming (Python, Java)**.
- Align all teaching with OCR and AQA specifications to ensure students are well-prepared for assessments and further study.

Classroom Management

- Maintain a positive and inclusive classroom environment that supports curiosity, collaboration, and mutual respect.
- Balance the needs of mixed-ability groups through adaptive teaching and strong behaviour management.

Resource Development

- Create bespoke learning materials such as interactive coding challenges, algorithm animations, and problem-solving tasks.
- Design age-appropriate assessments to monitor progress and provide constructive, data-driven feedback.

Challenges and Solutions

- Overcame engagement challenges among younger students by using visual, game-based learning strategies.
- Supported students with varying levels of digital literacy through structured interventions and peer mentoring.
- Maintained high motivation across diverse age groups using interactive and inquiry-based learning approaches.

Achievements

- Fostered measurable progress in computational thinking, with GCSE and A-Level cohorts achieving above-average exam outcomes.
- Introduced project-based and collaborative learning models that improved student participation and teamwork.

hobbies that enrich personal and professional life. Believes that knowledge and education add, but character, dedication, and drive multiply, driving student confidence and success. A resourceful Computer Science Teacher offering 20 years of experience in creating innovative computer science curriculum to teach students new technology. Gifted at instructing students to accomplish measurable targets using practical technology knowledge. Driven to prepare students for the workforce by promoting professional practices and web etiquette.

KEY SKILLS

- Comprehensive curriculum design and subject knowledge across KS2–KS5 Computer Science.
- Skilled in adapting teaching methodologies to engage diverse learners and learning styles.
- Proficient in educational data analysis, digital archiving, and technology integration.
- Strong behaviour management and positive classroom culture leadership.
- Experienced in Microsoft Teams, Google Workspace, and Moodle learning platforms.
- Effective classroom management with a focus on inclusivity and student wellbeing.
- STEM and robotics integration to promote problem-solving and innovation.
- Differentiated instruction tailored to mixed-ability and SEN learners.
- Expertise in project-based and collaborative learning strategies.
- Application of pedagogical research to enhance teaching effectiveness.
- Proven support for SEN students through personalized and scaffolded approaches.
- Advanced AI integration in education (EduAid, NotebookLM, ChatGPT, Google AI tools).
- Data-driven learning analytics and adaptive assessment implementation.
- Cross-curricular computing initiatives combining STEM, robotics, and digital literacy.
- Development of cloud-based learning environments using Google Workspace, Teams, and Moodle.
- Dedicated student mentorship and holistic pastoral care within boarding contexts.
- Comprehensive safeguarding knowledge and behaviour management in residential education settings.

- Increased student confidence and enthusiasm for Computer Science, contributing to higher A-Level enrollment.

Boarding House Duties

- Provide daily **pastoral care and wellbeing support** for boarding students (Years 7–13), ensuring emotional, academic, and social development.
- Undertake **evening and weekend duties (1-in-3 weekends)**, maintaining discipline, safety, and a nurturing residential environment.
- Mentor boarders individually, supporting academic achievement and personal growth.
- Liaise with parents and the pastoral team to ensure consistent communication and safeguarding.
- Organise enrichment and social activities that promote inclusion, leadership, and community spirit.

Professional Attributes

- Demonstrate adaptability, creativity, and evidence-driven pedagogy aligned with **Ofsted and ISI standards** for quality of education, behaviour, and personal development.
- Exhibit leadership, resilience, and a strong commitment to safeguarding within both academic and residential contexts.

Computer Science and Mathematics Teacher Lancing College - Lancing

06/2024 - 12/2024

- Integrated STEM Support: Collaborated with the Mathematics department to create interdisciplinary projects, enhancing students' understanding of computational algorithms through practical math applications.
- Curriculum Development: Designed and implemented 12 new lesson plans, incorporating real-world problem-solving scenarios, increasing student engagement by 30%.
- Resource Creation: Developed over 10 digital resources, including interactive coding exercises and video tutorials, accessed by 90% of students for supplementary learning.

ICT and Mathematics Teacher Robert Clack School of Science - Dagenham, London

09/2023 - 05/2024

- Developed and delivered engaging lessons aligning with ICT and Math curriculum standards.
- Managed classroom dynamics to ensure an optimal learning environment.
- Achieved remarkable student grade results, with an average of 87% in Mathematics and 91% in ICT across KS3 and KS4. and Upper Sixth Form.
- Demonstrated effective teaching strategies and commitment to student success

Self-Employed Staff Complete Remote Services (SCRS) - Liverpool, Merseyside

08/2017 - 09/2023

- Conducted personalized online tutoring sessions, aiding over 30 students' academic growth. Provided guidance in various subjects, resulting in a 15% improvement in students' grades on average

Head of Department for Distance Education Faculty for Education in Foreign Languages - University of Pedagogical Science Enrique José Varona - Havana, Cuba

09/2015 - 06/2017

- Managed a department providing distance education and technical support to over 200 students. Spearheaded the development of essential platforms for online services, increasing user engagement by 25%.

Cover Teacher

09/2014 - 06/2015

Province of Havana Ministry of Education - Havana, Cuba

- Created easy-to-understand data visualizations, improving comprehension for over 50 stakeholders.
- Oversaw project elements and managed a team of 10 analysts.

EDUCATION

Master of Science: Education Technologies, 01/2007

ISPJAE/CUJAE Higher Edu. Polytechnic Institute - Havana

- Graduated with Honors

Bachelor of Science: Computer Information Systems, 07/1992

ISPJAE/CUJAE Higher Edu. Polytechnic Institute - Havana

- Graduated with Honors

GED, 01/1986

Georgia State Board of Education - Atlanta, GA

- Level A qualification

CERTIFICATIONS

- STA Level 3 Award in Paediatric First Aid 07/10/2025
- Prevent awareness course on 08/11/23
- Female Genital Mutilation: Recognizing and Preventing FGM on 08/14/23
- Awareness of Forced Marriages on 08/15/23
- Prevent referrals course on 08/16/23
- Prevent Channel or Prevent Multi-Agency Panel (PMAP) course on 08/16/23
- Keep Them Safe-Protecting Children from Child Sexual Exploitation on 08/16/23
- UK GDPR & Data Protection Training on 09/07/23
- Basic Safeguarding and Child Protection Training 2023
- Keeping children safe in education 2023
- Looking after teacher wellbeing 2023
- Working together to safeguard children. Statutory framework legislation relevant to safeguarding and promoting the welfare of Children 2023
- Teaching Certification, 2005, University of Havana
- Multicultural Education
- Common Core Standards
- Tutoring Experience
- Learning Assessments
- Educational Research
- Differentiated Instruction

EMPLOYMENT AUTHORIZATION

Authorized to Work in the UK: Yes,

Immigration status: EU Pre-Settled Status,

DBS AND RELATED INFORMATION

- Enhanced DBS Check: Cleared
- Date of Issue: 22/03/2024
- Certificate Number: 001905346095
- UPDATE Service ID: C8016013182
- Regularly updated and compliant with safeguarding requirements.
